I) How to find Apps (use: name@sfedu.ru), joining the remote desktop

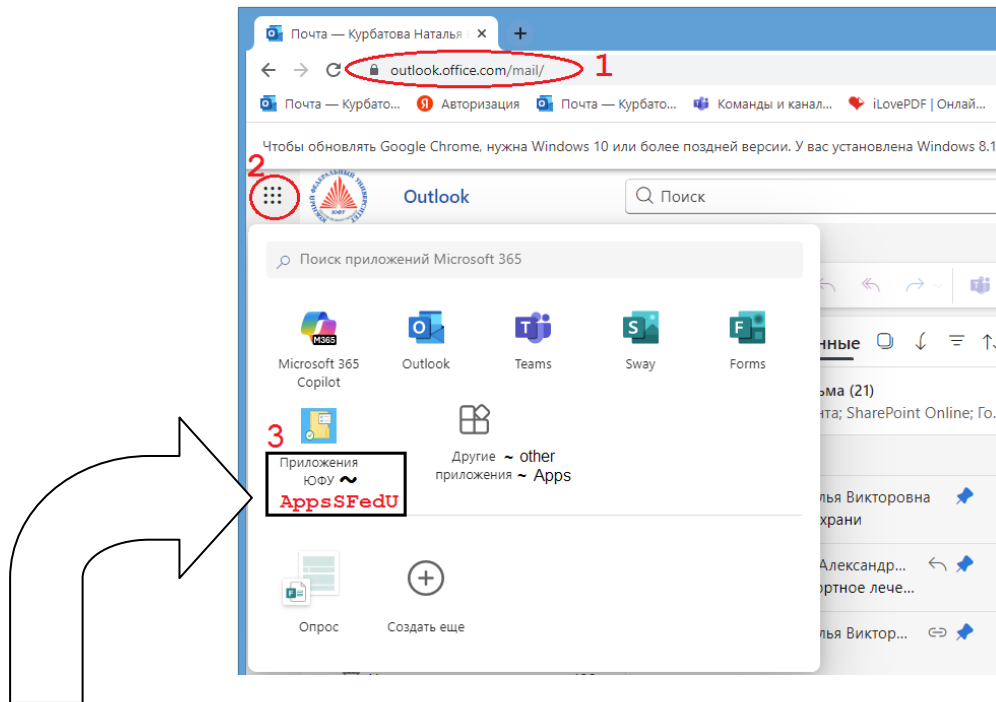

point 3: To choose MatLab 2024b, the file cpub-matlab__1_-Math_Tools_Video-CmsRdsh is being downloaded into computer. You need to find it and to run. Your computer will join the remote desktop and MatLab will start!

II) MatLab is in your classroom on the computer, but it needs to be updated
